Academic Guidelines

- 120 credits in total per academic year
- Strongly recommend to maintain the balance of your study load
 - 60 credits each term.
- **No level 1 modules** but you might be able to choose 1 or 2 level 2 modules depends on your programme.
- You can also choose 30 credits outside of the Business School, but please be mindful of their level and pre-requisite requirements
- **Please note you can only choose level 2 modules in September!** You will need to choose an alternative module for now and change it to your preferred level 2 module by submitting a change of module form in September. This is to give priority to year 1 students who are currently choosing year 2 modules.

Module Selection Process - OMS

Online module selection (OMS) for students progressing to the next stage of study in September 2024 will open at 9.00am 18th March and close at 12.00pm (Midday) 28th March.

The issue with OMS:

The OMS process is not able to recognise modules that you studied at your previous Institution.

Because of this there will be some modules that you meet the requirements for, but the system will not recognise that you have taken them.

If this is the case, please note that you will need to select a temporary module on OMS, which you can then request to drop by completing the **Temporary Module Form** on the Business School, Direct Entry page: <https://business-school.exeter.ac.uk/study/directentry/>

You will be asked to add your Temporary module and for the module code and name for the module you wish to choose.

Please remember to only select modules found on the bespoke Optional module list found on the Direct Entry Website.

Please note that you can only replace your temporary modules with modules that you meet the prerequisite criteria.

Temporary Module Selection Form

- Complete the Temporary Module Form on the Direct Entry Webpage:

INTO: <https://business-school.exeter.ac.uk/study/directentry/intostudents/>

International Partnerships (GDUFE, Lixin-Metro & NUFE): <https://business-school.exeter.ac.uk/study/directentry/nswgd/>

- Please make sure you input your student number correctly
- Please make sure you always include the correct **module code** and **module name** in the form
- The Temporary Module Selection Forms will be checked and during OMS and you will be informed if your request has been successful.
- Once OMS has closed the module changes will be made.
- Please be patient!

Temporary Module Selection Form

INTO 3rd Year 'Temporary' Optional Module Selection 2023/4

You need to complete the OMS process, inline with all of the students currently studying at the Business School.

There may be modules that you have been unable to choose via this process, because the form is not recognising a requirement that you have taken whilst at INTO.

If this is the case you will have had to choose a 'Substitute' module that we can remove after OMS has closed and replaced by the module you want to take once all checks have been made.

Please complete this form alongside your OMS form. You do not need to send a separate email

Please ensure that you have submitted your choices by 12.00pm on the 31st March 2023.

Please also note the following:

1. Check the compulsory modules on your programme structure to see which modules you will already be taking.

2. Check your programme structure to see how many optional modules you can choose and at what level.

BSc Accounting and Finance: 60 credits of Optional Modules (Only one 15 Credit Level 2 module can be chosen)

BSc Accounting and Business: Plus one more 75 credits of optional modules (45 credits MUST be from Level 3 modules)

BSc Business and Management: 75 credits of optional modules (45 credits MUST be Level 3 modules,

BSc Business Economics: 120 credits of optional modules, 30 out of this 120 credits should be Economics modules (not to include BUS3001 if you decide to take this module).

BSc Economics and Finance: 75 Credits)

BSc Marketing and Management: 60 credits of optional modules (of which 30 credits must be BEM/BUS modules

3. Do not select modules that are on the website but not on the list you are provided with. You should have 120 credits in total (including compulsory modules) <https://business-school.exeter.ac.uk/study/directentry/intostudents/>

4. Research the module details carefully, check when and how the modules are assessed.

5. Try to make sure that you have an equal number of modules in each term.

1. University Student Number *

2. Family Name *

3. First Name *

4. University Email Address *
