### https://business-school.exeter.ac.uk/

https://business-school.exeter.ac.uk/study/directentry/

## Important information:

Please make sure you read this page, as it contains key information for making your module selection.

If you click on the tab for your programme, you will find the Programme structure.

#### INTO Direct Entry into Year 2

When you join the Business School from INTO Exeter you will be able to follow one of our undergraduate programmes listed below, depending on your chosen IYO Business pathway.

Open the tabs to see programme structures for INTO Exeter students as these are different to that of other students. Whichever programme you are following you will be automatically put on the **compulsory** modules listed.

(Compulsory modules are ones that you MUST take)

You can then choose **optional modules**, these have to be taken from the list attached below.

INTO Students Please note that you can only request to add optional modules from the Level you are due to be in during Module selection in March, to add optional modules from the Level below your year, you will need to wait until September.

Optional modules are ones that you can CHOOSE)

#### For further information please refer to the information contained in:

- PLEASE CLICK HERE TO DOWNLOAD YOUR OPTIONAL MODULE LIST:
- INTO Optional Module List 2024/5

Please remember when you check out your Compulsory modules, some are **condonable**. If a module is condonable it means that you can fail it and still continue to the next level,

Some are non-condonable, if a module is non-condonable then you MUST pass it.

- O Accounting and Finance
- Accounting and Business
- Business and Management
- O Business Economics
- O Marketing and Management

#### INTO Optional Module requests

If you are currently studying at INTO please use the form below to make your Optional Module requests:

Click here to select your modules

INTO March Module Selection Presentation

## **Key Information:**

All our undergraduate degree programmes are made up of a number of modules, each of which has a particular credit value, usually 15 or 30 credits.

In the Business School we have modules worth:

- 15 credits = a module that runs for a single term
- 30 credits = a module that runs all year

• You **must** take modules to the value of **120 credits** in each year.

## Programme Structure and Compulsory Modules

Accounting and Finance Exemption from Professional exams, updated March 2024

Year 2 Compulsory Modules

Compulsory modules	Term	Credits	Condonable?
BEA2019 Financial Accounting A	1	15	No

#### Plus 30 credits of Optional modules (up to 30 credits can be at level one)

Please note that you can only request to add optional modules from Level 2 in March, to add Level 1 optional modules you will need to wait until September.

## **Glossary of Key Terms**

### It is important that you check all of the following when choosing your modules!

- <u>Compulsory</u> –modules you <u>MUST</u> take
- **Optional** –modules that you choose

### **Module Requirements**

- <u>Pre-requisites</u> modules that you must have previously taken to take this module
- <u>Co-requisites</u> modules that you must be taking while you are taking this module
- <u>Non-requisites</u> modules that you cannot have taken or be taking when taking this module

### **Programme Specific rules**

- <u>Condonable</u> if a module is condonable it means that you can fail it and still continue to the next level. (The next academic year)
- <u>Non-condonable</u> a module that you MUST pass.

## **Understanding Module Codes**

Module codes show you:

Which college runs the module **BE** = Business School **BUS** = Business School, (With Industrial experience or Dissertation)

Which department runs the module BEA = Accounting BEE = Economics BEM = Management

What level the module is
BEA1= Level 1 (First Year)
BEE2= Level 2 (Second Year)
BEM3= Level 3 (Third Year)
You can choose a module from any of these disciplines unless your Programme states
otherwise!

## Level 1 Optional Module Choice.

Both <u>Accounting and Finance</u> students and <u>Accounting and Business</u> students <u>cannot</u> choose any credits from <u>Level 1</u>. (You already have two Level 1 modules as compulsory modules.)

<u>Business and Management</u> students can take one further <u>15</u> <u>credit Level 1</u> module <u>Marketing and Management</u> and <u>Business Economics</u> students can select <u>up to 30 Level 1 credits.</u>

Please remember that you cannot select Level 1 modules until September.

## **Optional Module Choice from another College:**

Students may take up to 30 credits a year outside their main degree subjects, after they have met the compulsory requirements of their main subjects.

For example, students want to do a Foreign Language. Please note that these are 30 credit modules, run over 2 terms.

Also please do not select a Language that you are fluent in.

If you are interested in taking a module from outside your course or programme of study, you should first discuss this with the College who runs the module.

## **Optional Module Choice**

On the INTO Webpage there is a hyperlink INTO Optional Modules 2025/2026 for the Optional Modules you can select from.

#### PLEASE CLICK HERE TO DOWNLOAD YOUR OPTIONAL MODULE LIST:

#### INTO Optional Module List 2024/5

Please remember when you check out your Compulsory modules, some are **condonable**. If a module is condonable it means that you can fail it and still continue to the next level,

Some are non- condonable, if a module is non-condonable then you MUST pass it.

- Accounting and Finance
- Accounting and Business
- Business and Management

\* Per ICAEW, Upper Second or First Degree award in a related field with a good coverage of Accounting and Business

\*\* ICAEW has just launched their new ACA syllabus in 2025. This brought substantial changes to their exam papers including the introduction of a new paper (Sustainability & Ethics) and the withdrawal of Business, Technology & Finance.

\*\*\* S&E = Sustainability & Ethics is a new ICAEW paper in 2025. We are currently seeking accreditation from this paper on the basis of several BEA modules (see the list).

### Managerial Accounting

Module title	Managerial Accounting						
Module code	BEA2010	BEA2010					
Academic year	2024/5	2024/5					
Credits	15	15					
Module staff	Professor Vicky Kiosse (Convenor)						
Duration: Term		1	2	3			
Duration: Weeks		11					
Number students taking module (anticipated)				330			

### Module description

This module introduces management accounting concepts and techniques such as traditional and activity-based costing, transfer pricing, flexible and activity-based budgeting as well as simple and multiple regression analysis in the context of cost estimation. In addition, it discusses employee motivation, performance evaluation and compensation systems. Further, it evaluates the behavioural impacts of various management accounting techniques and systems as well as their implications for control system design. You will acquire a clear understanding of how to use and apply the techniques of managerial accounting as well as their behavioural implications.

### Module aims - intentions of the module

The aim of this module is to introduce you to the management accounting concepts and techniques that are used in contemporary businesses. In particular, the course will discuss the manner in which managerial accounting information is used by contemporary businesses and how such information aids the design and operation of management control systems. After discussing the changes that took place in the business environment, this module discusses employee motivation, performance evaluation and measurement systems, compensation systems, costing systems, budgeting, transfer pricing as well as their behavioural implications. You will acquire both a clear understanding of different management accounting and control systems and will be capable of designing systems appropriate to particular contexts.

### Intended Learning Outcomes (ILOs)

#### ILO: Module-specific skills

On successfully completing the module you will be able to...

- 1. develop cost and management accounting problem-solving skills;
- 2. identify and evaluate alternative management accounting systems;
- 3. synthesize information from various management accounting methods;
- 4. explain and evaluate the impact of alternative budgeting approaches.

#### ILO: Discipline-specific skills

On successfully completing the module you will be able to...

- 5. explain the interaction between financial accounting and managerial accounting;
- 6. identify and discuss the consequences of operating a particular management accounting system.

#### ILO: Personal and key skills

On successfully completing the module you will be able to...

- 7. work effectively independently as well as part of a group;
- 8. develop problem-solving, analytical and argument-building skills.

#### Formative assessment

Form of assessment	Size of the assessment (eg length / duration)	ILOs assessed	Feedback method
Participation in seminar classes	6 hours	1-8	Discussion during the seminar sessions. Indicative solutions will be uploaded on ELE.

#### Summative assessment (% of credit)

Coursework	Written exams	Practical exams
0	100	0

#### Details of summative assessment

Form of assessment	% of credit	Size of the assessment (eg length / duration)	ILOs assessed	Feedback method
In class test	30	1 hour	1-8	Feedback will be provided to students.
Final exam	70	2 hours	1-8	Written feedback.
	0			
	0			

#### Details of re-assessment (where required by referral or deferral)

Original form of assessment	Form of re-assessment	ILOs re-assessed	Timescale for re-assessment
In class test	In Class Test [1 hour]	1-8	Referral/deferral period
Final exam	Final exam (2 hours)	1-8	Referral/deferral period

#### **Re-assessment notes**

Deferral – if you have been deferred for any assessment you will be expected to submit the relevant assessment. The mark given for a re-assessment taken as a result of deferral will not be capped and will be treated as it would be if it were your first attempt at the assessment.

Referral – if you have failed the module overall (i.e. a final overall module mark of less than 40%) you will be expected to submit the relevant assessment. The mark given for a re-assessment taken as a result of referral will be capped at 40%.

### The module selection form will be open from 9.00am (UK time) on Monday

17<sup>th</sup> March and closes at 12.00pm (midday UK time) on Friday 28th March.

### **INTO Optional Module requests**

If you are currently studying at INTO please use the form below to make your Optional Module requests:

Click here to select your modules

### **INTO Optional Module Selection 2025-2026**

This request form should only be used for INTO Exeter students, coming to study at the Business School.

The form will be open from 9am Monday 17th March 2025 and will close at 12pm (noon) Friday 28th March 2025.

Please refer to https://business-school.exeter.ac.uk/study/directentry/intostudents/ for further guidance on the number of optional modules you need to select

BSc Accounting and Business - choose 45 credits, which need to include 2 compulsory management modules (No further Level 1 modules) BSc Accounting and Finance - 45 optional credits (No further Level 1 modules) BSc Business Economics - 90 optional credits (<u>30 credits could be further level 1 modules, cannot select until; September 2025</u>) BSc Business and Management 90 optional credits (<u>30 credits could be further level 1 modules, cannot select until; September 2025</u>) BSC Marketing and Management -15 credits of optional BEM modules (*up to 15 credits can be at level one cannot select until; September 2025*)

#### Please also note the following:

- 1. You do not need to select your compulsory modules, they will be automatically added
- 2. Remember that you need to check any Co-requisites (Must be taking or taken).
- 3. Remember that you need to check any Non-requisites (Cannot be taken with).
- 4. You should have 120 credits in total (including compulsory modules)
- 5. Think carefully about your choices!
- 6. Research the module details carefully, check when and how the modules are assessed.
- 7. Do you have a balance between term 1 and term 2?

8. Only choose the required number of Optional modules that you need for your Programme.

The form will be open from 9am Monday 17th March 2025 and will close at 12pm (noon) Friday 28th March 2025.

Please note that you can only request to add optional modules from Level 2, to add Level 1 optional modules you will need to wait until September.

Think carefully about your choices - You may not be able to change your module later on.

BEE2030 Economics and Ethics, Term 1, 15 Credits	
BEE2033 Public Finance. Term 1. 15 Credits	

## Checklist when submitting your Module Choice Form

Please research your module choices thoroughly:

- Do you have a sensible balance of modules across the two terms?
- Consider your choices carefully we cannot guarantee that you will be able to change to a different module later.
- In March, only choose Level 2 optional modules.
- If the module you would like to take is not on the form, then you will not be able to select it.

If you would like some help or advice.

 Please come to the Info Point in Building One anytime before the form opens

• Or during the time that the form is open.

## **Changing your Module Choices**

- Once the form has closed you cannot make a selection or change your choices until later in the year
- Module Change opens in September.

 Please read all the information and research your module choices thoroughly now!

• N.B. Think carefully about your choices - You may not be able to change your module later.

We look forward to welcoming you to the University of Exeter Business School!
